The following footnote references apply only if the table above has a foot number reference.

1. Phase in value comes from the data base at the Maryland Department of Assessments and Taxation <http://www.dat.state.md.us/>, Real Property Data Search. The phase in value is for the next fiscal year, if available, otherwise the phase in value is for current fiscal year.
2. Tax rates come from the current property tax bill, which also may include several non-tax charges, at the web page of the County Government's Department of Finance: <http://www.montgomerycountymd.gov/finance>. Look for a link to "Pay or view your property tax bill on line".
3. County Property Tax is the sum of the General Fund tax and several special fund taxes.
4. All non-tax charges (for example Solid Waste, Water Quality Protection, Bay Restoration Fund, WSSC) are the charges in the current fiscal year. These charges may be different in the next fiscal year.
5. This property is located in an **existing** development district. Each year a special development district assessment must be paid. Effective every July 1st, the rate will change based on changes in the property assessment and debt service requirements. More information is available in the [FAQ](#) section of this website.
6. You must update the estimate for the property taxes and other non-tax charges
 - a. Every July 1, because the tax rates, phase-in values, and other non-tax charges will or may change; AND ALSO
 - b. In early January if the calculation used the phase-in value for the current fiscal year instead of the phase-in value for the next fiscal year, because SDAT had not yet specified the phase in value for the next fiscal year. This occurs in the period July 1 - early January in the third year of the three year assessment cycle.
7. This property is located in a **proposed** development district. At some date in the future, development district taxes may be levied to pay debt service on bonds issued to build infrastructure in the district. It is important that property owners recognize that this additional tax may be levied in the future. The rate indicated above is an estimate and will change once the district is created and bonds are issued. More information is available in the [FAQ](#) section of this website.
8. The Proposed Estimated Total includes all actual and proposed taxes and non-tax charges relative to this

- property.
9. This is a one time charge assessed against this property and is not an annual fee. It should be paid before the property is sold and will remain due until paid.

The Riviera of Chevy Chase

4242 East West Highway

Phone 657-2211

December 1, 1995

Dear Owners & Residents:

In compliance with OSHA regulations, on August 22 and September 5, 1995, The Riviera of Chevy Chase had an asbestos inspection of the common areas performed by Pacific Environmental Services, Inc. (PES).

PES collected 53 samples from the following common areas of the building:

Boiler Room	Hallway Ceilings
Hallway Wallboard	Disposal Rooms
Laundry Rooms	Party Room
Gymnasium	Janitors Closet
Roof	Mechanical Room

The complete report is on file in the management office for your review by appointment. In summary, however, some insulation in the boiler room was deteriorating. It has been removed. All other areas where asbestos containing material was identified such as hallway ceilings and floor tiles in the laundry rooms and disposal rooms, are well protected and in good condition.

Although their inspection did not include individual units, PES indicated in their report that the apartment ceilings and floors, if original construction, may contain asbestos. As long as these areas are in good condition and undisturbed, there is no reason for concern. If, however, you plan repairs and/or renovations that would disturb these areas, you must advise your contractors of the possibility of asbestos containing materials.

We strongly encourage you to have an asbestos survey of your unit. If you are interested in having this done, please contact Mildred Bell in the management office. If there is enough interest, management will attempt to schedule several inspections at a time and obtain a group rate. The cost for such an inspection is a unit owner expense. We will make every effort to obtain the best pricing possible.

The Board of Directors plan to hold a Community Meeting after the first of the year at which time a representative of Pacific Environmental Services will be present to discuss this issue and answer questions.

Sincerely,

John Thompson
President, Board of Directors
